## DEEP SEA FISHING PROGRAM TROLLING OR FLY FISHING FOR BIG GAME

### **Fishing Information**

Deep Sea fishing on Cozumel can be one of the greatest experiences of your vacation to the Mexican Caribbean. The island of Cozumel has been recognized by the most experienced fishing charter Captains from all over the world as the Billfish Capital of the World.

You will have the chance to admire the beautiful multicolored waters, while fishing the Yucatan channel along with the great white sand beaches, hotels and Mayan ruins alongside the coast on the island or the mainland.

Without any doubt, March through July are the best fishing months of the year to catch blue marlin, white marlin and sailfish along with mahi-mahi (dorado), wahoo, tuna, kingfish, king mackerel, spanish mackerel, amberjack, rainbow runner, bonito, yellow tail, grouper, snapper, shark, barracuda, etc. Although the billfish are only present from March through July, all the other fish species are present throughout the year.

### **Boat Information**

These boat rates are for either 1 and up to 4, 6, 8 or 10 people depending on the size of the boat and includes: an 8, 6 or 4 hour boat trip, an experienced English speaking captain and mate, box lunch (full days only), snacks, beer, soft drinks, purified bottled drinking water, purified ice, all the trolling fishing rods, reels and tackle needed for your trip and plenty of fresh bait. The only things that these trip rates do not include are the tip for your fishing captain and mate, the mandatory Federal fishing licenses which have a cost of \$15 USD per day, per person and your round trip taxi transportation to and from your hotel to the marina the day of your trip. Now, if the hotel where you are going to be staying is a decent pier, the day of your trip, I can send the boat over for your pick up/drop off.

### **Important note:**

If you or anybody in your party group tends to get seasickness easily, we would recommend that he takes either 1 or 2 Dramamines or use the famous seasickness ear patches that have on sale in most pharmacies in the US at least 2 hours before your trip.
